

Variable information:

LASAE193 / LASAF193 / LASAG193 (technical measures);

LASAE194 / LASAF194 / LASAG194 (questionnaire)

### LASAE193

name	label	values
emsrttn	speech-reception-threshold (in dB)	non-valid, too many incomplete triplets(-24), non-valid, aborted measurement(-23), test not done(-22), very good hearing(-9,20), very poor hearing(5,71), very poor hearing(6,36)
emsrttnc	categorized speech-reception-threshold	non-valid, too many incomplete triplets(-4), non-valid, aborted measurement(-3), test not done(-2), sufficient* hearing(1), insufficient hearing(2), poor hearing(3)
emhtday	day hearing test	test not done(-2)
emhtmont	month hearing test	test not done(-2), see month E/F**
emhtyear	year hearing test	test not done(-2)

\*In G, this category 1 is called 'good', and in E and F, this category is named 'sufficient' (although the same cut-offs are applied).

### LASAF193

name	label	values
fmsrttn	speech-reception-threshold (in dB)	non-valid, too many incomplete triplets(-24), non-valid, aborted measurement(-23), test not done(-22), very good hearing(-9,80), very good hearing(-9,20), very poor hearing(6,36), very poor hearing(8,00)
fmsrttnc	categorized speech-reception-threshold	non-valid, too many incomplete triplets(-4), non-valid, aborted measurement(-3), test not done(-2), sufficient* hearing(1), insufficient hearing(2), poor hearing(3)
fmhtday	day hearing test	test not done(-2)
fmhtmont	month hearing test	test not done(-2), see month E/F**
fmhtyear	year hearing test	test not done(-2)

Variable information:

LASAE193 / LASAF193 / LASAG193 (technical measures);

LASAE194 / LASAF194 / LASAG194 (questionnaire)

### LASAG193

name	label	values
gmhtdate	date administration srt tests	test not done(03-Oct-1582)
gmhtvol	set volume of srt tests	test not done(-2)
gmhtpc	number of pc used to administer srt tests	test not done(-2)
gmhtsid	number [id] of administered smallband srt test (first)	test not done(-2)
gmhtbid	number [id] of administered broadband srt test (second)	test not done(-2)
gmhtstime	time of administration of smallband srt test (first)	test not done(-0:00:02.00)
gmhtbtime	time of administration of broadband srt test (second)	test not done(-0:00:02.00)
gmsrtns	speech-reception-threshold in noise (in decibel signal-to-noise ratio) of smallband srt test	test not done(-22)
gmsrtnsc	categorized speech-reception-threshold in noise, smallband srt	test not done(-22), good* hearing(1), insufficient hearing(2), poor hearing(3)
gmsrtnb	speech-reception-threshold in noise (in decibel signal-to-noise ratio) of broadband srt test	test not done(-22)
gmsrtnbc	categorized speech-reception-threshold in noise, broadband srt	test not done(-22), good* hearing(1), insufficient hearing(2), poor hearing(3)
gmsrtnssd	standard deviation of adaptive procedure smallband srt test	test not done(-22)
gmsrtnbsd	standard deviation of adaptive procedure broadband srt test	test not done(-22)

Variable information:

LASAE193 / LASAF193 / LASAG193 (technical measures);

LASAE194 / LASAF194 / LASAG194 (questionnaire)

### LASAE194 / LASAF194

name	label	values
e/fmhearpv	hearing: position volume control	na, asked(-1)
e/fmhearwa	hearing: wearing aids	na, asked(-1), none(1), 1 hearing aid(2), 2 hearing aids(3)
e/fmhearup	hearing: understanding talk at party	na, asked(-1), almost never(1), sometimes(2), often(3), almost always(4)
e/fmheartd	hearing: test done	na, asked(-1), test failed(1), with very much difficulty(2), with a little difficulty(3), easily(4), other: [to be coded](5)

Variable information:

LASAE193 / LASAF193 / LASAG193 (technical measures);

LASAE194 / LASAF194 / LASAG194 (questionnaire)

### LASAG194

name	label	values
gmhearwa	hearing: wearing aids	na, asked(-1), none(1), 1 hearing aid(2), 2 hearing aids(3)
gmhearwh	hearing: wearing aid hours a day	na, asked(-1), I do not have hearing aids(1), I do not wear my hearing aids(2), <1h(3), 1-4 h(4), 4-8 h(5), whole day(6)
gmhearup	hearing: understanding talk at party	na, asked(-1), almost never(1), sometimes(2), often(3), almost always(4)
gmheartd	hearing: test done	na. asked(-1), test failed(1), with very much difficulty(2), with a little difficulty(3), easily(4), other: [to be coded](5), technical failure(6), unknown error(7)
gmheartdoth	if gmheartd = 5 (other), info by interviewer from booklet	none
gmsrtnsnote	hearing: noted score smallband srt test (first test)	na, asked(-1)
gmsrtnbnote	hearing: noted score broadband srt test (second test)	na, asked(-1)
