Variable information (concise): LASABg01

	Summary GP measurement diseases wave B
Var. name	**Var. label**
bghcode	general practitioner (GP) code
bgrdead	respondent deceased
bgunkn	reason no response unknown
bgharef	refusal by GP
bghyp	hypertension (HT): yes/no
bghypm	month first diagnosis HT
bghypy	year first diagnosis HT
bgrrid	initial blood pressure diastolic
bgrris	initinal blood pressure systolic
bgrrrd	recent blood pressure diastolic
bgrrrs	recent blood pressure systolic
bgrrrda	day recent blood pressure measurement
bgrrrm	month recent blood pressure measurement
bgrrry	year recent blood pressure measurement
bgclan	claudication or aneurysm: yes/no
bgclau	claudication: yes/no
bganeu	aneurysm: yes/no
bgclanm	month first diagnosis claudication or aneurysm
bgclany	year first diagnosis claudication or aneurysm
bgclanf	claudication/aneurysm: influence on daily functioning?
bgheart	heart condition: yes/no
bgheartm	month first diagnosis heart condition
bghearty	year first diagnosis heart condition
bgheartf	heart condition: influence on daily functioning?
bgcva	cerebro vascular accident (CVA): yes/no
bgcvam	month first diagnosis CVA
bgcvay	year first diagnosis CVA
bgcvaf	CVA: influence on daily functioning?
bgdiabe	diabetes mellitus (DM): yes/no
bgdiabem	month first diagnosis DM
bgdiabey	year first diagnosis DM
bglabd	day DM laboratory assessment
bglabm	month DM laboratory assessment
bglaby	year DM laboratory assessment
bgfgluc	fasting glucose
bgnfgluc	non-fasting glucose
bgfruc	serum fructose
bghba1c	HbA1c
bgdiabef	DM: influence on daily functioning?
bgcara	chronic non-specific lung disease (CNSLD): yes/no
bgcaram	month first diagnosis CNSLD
bgcaray	year first diagnosis CNSLD
bgcaraf	CNSLD: influence on daily functioning?
bgoart	osteoarthritis (OA): yes/no
bgoartm	month first diagnosis OA
bgoarty	year first diagnosis OA
bgoartf	OA: influenc on daily functioning?
bgrheum	rheumatoid arthritis (RA): yes/no
bgrheumm	month first diagnosis RA
bgrheumy	year first diagnosis RA
bgrheumf	RA: influence on daily functioning?
bgdem	dementia: yes/no

Variable information (concise): LASABg01

bgdemm	month first diagnosis dementia
bgdemy	year first diagnosis dementia
bgdems	seriousness dementia
bgotch	other chronic disease: yes/no
bgothsi1	first other chronic disease
bgoths1y	year first diagnosis first other chronic disease
bgothsi2	second other chronic disease
bgoths2y	year first diagnosis second other chronic disease
bgothsi3	third other chronic disease
bgoths3y	year first diagnosis third other chronic disease
bgothsi4	fourth other chronic disease
bgoths4y	year first diagnosis fourth other chronic disease
bgothsi5	fifth other chronic disease
bgoths5y	year first diagnosis fifth other chronic disease
bgcancer	malignancy: yes/no
bgcancem	month first diagnosis malignancy
bgcancey	year first diagnosis malignancy
bgcancen	nature of malignancy
bgcanceh	histology of malignancy
bgcances	stage of malignancy
bgcansur	did respondent have surgery?
bgcancch	did respondent have chemotherapy?
bgcanhor	did respondent have hormonal therapy?
bgcanrad	did respondent have radiotherapy?
bgcanoth	did respondent have other therapy?
bgcanot1	what other therapy?
bgcancpr	tumor present?
bgcanprm	primary tumor present?
bgcanrec	recurrence of malignancy?
bgcancly	lymph metastasis of malignancy?
bgcanmet	metastasis at distance?
bgcanme1	localisation metastasis
bgcanpro	prognosis
bgcancef	malignancy: influence on daily functioning?
